

# Mauritian Food CHALLENGE

*Make Mauritian Food  
Healthy and Appealing  
for Students*

**OPEN TO STUDENTS ONLY**

# What is the purpose of this challenge?

The purpose of this challenge is to tap on the creative potential of students to make Mauritian food healthy and appealing.

Projects will subsequently be shared on social media or on our innovation platform in the form of short clips or image slideshows.

# Some health facts

- Diseases of the circulatory system account for 36% deaths while diabetes accounts for 22.6%.
- In adults 20-74 years, 25.4% are overweight and 10.3% are obese.
- The prevalence of overweight in children 5-11 years is 7.9% among boys and 7.5% among girls.

Source: Ministry of Health and Wellness

## Who can participate?

There are 2 categories for the challenge:

- Students < 18 years old
- Students > 18 years old

## How to participate?

Register on [www.npccinnovation.org](http://www.npccinnovation.org)
