

Training and implementation program for COVID-19 Occupational Safety & Health and Resource Efficiency (COSHARE) for the Tourism and Hospitality sector.

Operation COSHARE is deployed to help beneficiaries get better appreciation of the safety and sanitary needs and protocols for the safe opening of borders. The objective is to help position Mauritius as a safe and environmentally sustainable tourist destination, attracting foreign visitors to make Mauritius their destination of choice.

The Ministry of Tourism, the NPCC and the Tourism Authority are partnering with the International Labour Organization (ILO) to implement the “SCORE COVID-19 OSH and Resource Efficiency Project for the Tourism and Hospitality sector in Mauritius”.

Operation COSHARE will identify improvement actions and propose counter-measures to risks of infection based on a comprehensive risk assessment on site. Beneficiary enterprises will obtain COSHARE certification.

The Operation COSHARE consists of:

- **SCORE COVID-19 OSH:** Training of Trainers, and in enterprises in the Tourism eco-system and the implementation of the Covid-19 Occupational Safety and Health guidelines on site; and
- **Resource Efficiency Project:** Developing a pool of national trainers for capacity building on resource efficiency in the tourism sector, training enterprises and implementing the Resource Efficiency training and implementation programme in selected enterprises in the Tourism Sector.
